

PE-MVE

COMPRESSOR FOR SPORTS & SAFETY APPLICATIONS

PE-MVE

SPACE-SAVING ALL-IN-ONE SOLUTION AT ATTRACTIVE PRICE FOR EXTRA-LOW-NOISE OPERATION

The PE-MVE is BAUER's compact all-in-one solution, offering high quality at outstanding value for money. The unit is in vertical format and ideal for all applications requiring medium charging rates. Supplied as standard with Super Silent housing, the unit provides for a variety of installation options even in noise-sensitive environments. The soundproof PE-MVE is ideally suited for applications that prioritise reliability and long operating life combined with low operating costs.

It is also supplied with an automatic condensate drain system and the user-friendly BHW-CONTROL control unit as standard; the fully automatic BHW-CONTROL also supports storage cylinder filling.

FEATURES

- › **Super Silent housing as standard: With low noise level for use in working environments where noise is a key concern**
- › **Fully automatic compressor control: BHW-CONTROL**
- › **Integrated filling device: Supplied with 2 kinkproof filling hoses as standard**
- › **Ultra-compact dimensions for installation where space is at a premium**

- › 250 - 300 l/min
- › 225 or 330 bar
- › 5.5 - 7.5 kW
- › Electric motor

OPTIONAL FEATURES

- › Large-scale P 42 Purification System for longer cartridge life
- › B-SECURUS filter cartridge saturation monitoring system in combination with P 42
- › Intermediate pressure gauge
- › BAUER high pressure storage system
- › Automatic selector unit
- › External BAUER filling panel

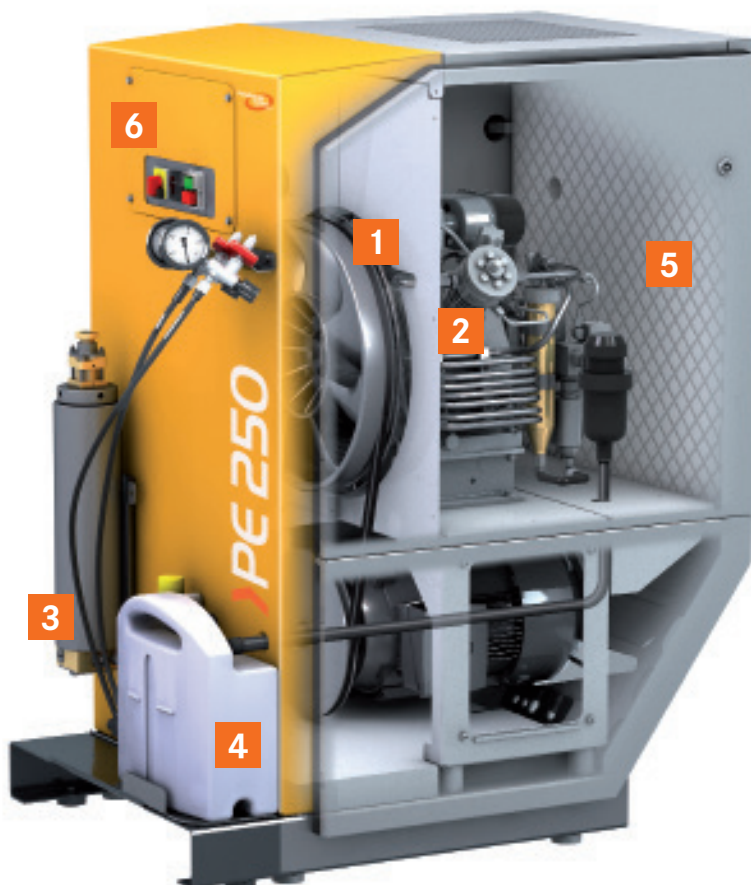

TECHNICAL DATA

Type	Charging Rate ¹		Operating Pressure max.		Purification System	Number of Stages	Speed rpm	Drive and Motor Power		Net Weight kg	Dimensions L x W x H cm
